

Live Percussion

The accompaniment of live percussion, consisting of zils (finger cymbals) and doumbeks (drums), add excitement and authenticity to our dance performances.

Styles of Dance

Sword and Scarab is experienced in all forms of Middle Eastern dance, including Egyptian Oriental, Turkish Oriental, Folkloric, American Tribal, Algerian, Tunisian, and Fusion styles. We are the only troupe in Rochester that choreographs 99% of its own dances. Our extensive knowledge of these traditional rooted dances allows us to educate the public, separating past myths and the reality of Middle Eastern Dance and Culture. We dispel what Hollywood has presented to the public regarding their version of what the dance would consist of.
